Max Miller, son of Terri Miller (Voices of Hope Member) and Stephen Miller (Voices of Hope Board Member) was someone truly inspiring who cared deeply for his family and friends, doing all he could to help anyone in need. Max also put all his energy into experiencing and enjoying life. Whether it was his passion for cooking, his love of the outdoors or his love of being on the water, Max lived each day with passion, and he was always ready for an adventure!

Voices of Hope for Aphasia family will honor the life and legacy of Max Miller by introducing Max Adventures. Outings chosen by our members or staff, will provide new and exciting activities for those with aphasia to get out and explore in a supportive and aphasia-friendly environment. These activities will not only provide an opportunity to attend events and enjoy new activities but also give Voices of Hope for Aphasia members the chance to give back to our community.

These activities may include:
- Boating
- Visiting Nature Preserves
- Bowling
- Exploring Museums
- Serving at a Food Bank

Along with our ongoing quest to fulfill our mission, we honor Max by helping and encouraging people with aphasia to live life to the fullest!
