Hope Spotlight

The “Hope Spotlight” will feature people in our community who have raised money for Voices of Hope in innovative and fun ways. Some have started personal fund-raisers on Facebook, others have donated proceeds from sales on eBay, or generated donations while hosting an event on Evite. This month, we highlight Ken Bado, Chairman of the Board of the directors. The members wrote interview questions for Ken. The following are his answers:

1) Why are you interested in aphasia groups?
I have known Mike Caputo since 1989. Like most people, I was not familiar with the term aphasia until Mike had his stroke in 2009. Mike was looking not only to deal with his own challenges, but for ways to help others with aphasia. It was his idea to create Voices of Hope for Aphasia. In 2012 I accepted his offer to be president and build a board and begin to fund Voices of Hope for Aphasia.

2) How do you get people/the public to donate to something they don’t know about - like aphasia?
A few years ago, the answer “Aphasia” was worth $2000 on the show Jeopardy (the most difficult questions). My goal is to have aphasia be a $100 question (the easiest questions). Aphasia is one of the best-kept secrets in America today. It is only when I describe what aphasia is, that someone will realize they know someone with aphasia. I explain the emotional challenges many people with aphasia face. I call them, “issues of the heart”. I explain that Voices of Hope for Aphasia is about helping people with aphasia deal with issues of the heart. I explain that sometimes people with aphasia feel embarrassed and reluctant to engage with the community. Voices of Hope for Aphasia works to rebuild self-confidence and self-esteem of its members.

3) What do you do for fun?
I spend time with my grand children, travel and play lots of golf (yet still, I am quite mediocre).

From everyone at Voices of Hope for Aphasia, THANK YOU, KEN for your commitment to our organization!
